IT'S HARD TO BELIEVE the number of seniors in Chester County has increased by over forty percent since 1990; and nearly half of that growth has been since 2000. The West Chester Area Senior Center has experienced even greater growth, doubling participation in wellness, nutrition, and fellowship programs since relocating to our new home in West Chester in 2006.

The success of the new Center is evident every day as seniors come for meals, to attend classes, to participate in exercise programs, to enjoy a friendly game of bridge, expand their talents in arts programs, and much more.

In a recent satisfaction survey completed by our members, **97% of respondents felt that participation in the Center's programs reduced isolation, loneliness, and boredom and increased their quality of life.**

Please help support a program, and a place, that truly makes a difference!
